### About Arts 4 Dementia

**Arts 4 Dementia** is a UK charity working to empower individuals and families living with dementia in the community through engagement with the arts.

### Our Mission

**Arts 4 Dementia** works in partnership with arts organisations to **develop workshops** to re-energise and inspire people living with dementia in the community.

We aim to bring **fulfilment** to their lives — and provide opportunities for **quality time** with their carers and loved ones — through engagement with their chosen art form.

In addition to developing and delivering workshops, **Arts 4 Dementia:**

- offers **Early Stage Dementia Awareness Training for Arts Facilitators**, to enable them to deliver challenging, person-centred arts workshops
- **signposts dementia-friendly activities** by art form nationwide, increasing the **accessibility** of arts events to individuals and families across the country
- spreads **Best Practice** through publications and conferences for leaders in the arts and healthcare fields

### How can I get involved?

Whether by a **single donation**, setting up **regular giving**, or remembering us in your will by creating a **legacy**, your generosity will help re-energise and inspire more people in the early stages of dementia through artistic stimulation.
