

Get Out and Get Learning (G.O.A.L)

- A day of hands-on activities on the Regent's Canal;
- including curriculum base workshops and a boat trip
- suitable for Key Stages 1, 2, 3 and 4

Time:- 10am – 2.30pm

Venue London:- Canal Museum: Off Caledonian Road

Choose ONE of the following options for your day trip or we can arrange a programme to suit your children's needs and abilities

- 1 - Local history e.g. Victorians
- 2 - Local environment e.g. Wildlife and habitats
- 3 - Buildings and structures e.g. Locks, bridges and tunnels

For a class of maximum 30 children there are three activities

- 1 - Boat trip led by qualified skipper
- 2 - Museum based workshop led by experienced teacher
- 3 - Self guided canal trail with support materials

Each activity lasts approximately 45 minutes and children will take part in all activities.

The day will start with an introduction and health and safety talk at the museum.

P.T.O

One of the great benefits of GET OUT and GET LEARNING is that much of the work is done for you. Obviously an engaged and dynamic teacher will bring more to each session, but all the work sheets and materials are provided and we are also able to provide support for any pre or post activities you may wish to engage the children in.

Comments from the schools

Learning more about Victorian canal life from inside the museum

Lead Teacher:

The children found the trip very exciting and interesting. It has helped them with their school topic.

Teacher:

Staff were very helpful and child friendly. They made our visit very enjoyable and interesting.

The schools reported that the sessions covered the areas of the curriculum that the children were currently working towards.

This included Time detectives – things from the past

Getting a real feel for the Victorian canal boat workers

Head: Excellent for team building, very interesting facts.

Teacher: The building of tunnels was a great practical activity.

Teacher: The booklet to focus thinking was great.

Teacher: Thank you for a well organised, informative and fun day, it was one of the nicest trips that we have been on, and the children thoroughly enjoyed themselves.

The schools: reported that the sessions covered many areas of the curriculum including D/T, PSHE, Science, Geography and Maths.

Children: I enjoyed the boat trip the best, I thought it was really relaxing. I liked the worksheets and spotting different birds. The walk and making the arches was really cool. I had a fantastic day. I wish I will come back soon.

The boat trip with accompanying work sheets and materials about the buildings they can see along the canal

Best boat trip I have ever been on!
Supercalifragilisticexpialidocious!

The boat trip and the walk meet along the way
